Gents

The Gentry Cut

(30 - 45 minutes)

Haircut and styling using a variety of methods from barbering and hairdressing, which James has acquired over his 16 years of experience. Short, medium or long lengths are not an issue; the hair will be cut to length and style using quality skills. After cutting, experience a relaxing blow dry and style in shape using exclusive 'Oak Grooming' texture spray and styling product.

65€

The White Isle Shave

(30 minutes)

The wet shave has evolved over the years through many methods. James has mixed these skills to create the White Isle Shave. Using heated and cold towels to open pores and to soothe your skin. Shaving with a 1950s safety razor using a double-sided blade means you get the closest of shaves without the danger of a cut-throat. The shave will leave you feeling clean, refreshed and relaxed on your wedding day.

The Bearded Man

(30 minutes)

Using a scissor based method, James has created the luxury of beard grooming – shaping and styling beards into shape but leaving them natural, finishing them off with a slight clipped edge using a traditional cut-throat and a cold towel to freshen the face. After, the beard will be blow dried into shape and finished off with Oak Grooming Sandal Wood Beard Oil.

50€

The Stubbled Gent

(30 minutes)

Why not have your 5 o'clock shadow groomed into perfection? The service includes clipping your stubble into the perfect length, a hot towel to soothe the face, a wet shave to finish untidy areas and finished with a cold towel to freshen. A dab of Oak Grooming Facial Balm will complete the look.
